MEMORABLE MOMENTS

The UCI Road World Championships represent one of the pinnacles of the international cycling season, and all riders are dreaming of adding their names to the event’s roll of honour. Held over the course of a week in Yorkshire, considered as Great Britain’s cycling Mecca, this year’s Championships will feature 11 Time Trial and Road Race events, including the inaugural Team Time Trial Mixed Relay, featuring both men and women.

The races will unfold amidst the county’s magnificent Yorkshire Dales before reaching their conclusion in the beautiful town of Harrogate. In their quest for the iconic UCI World Champion’s rainbow jersey, the riders are sure to receive vibrant support from both the local crowds and the many visitors attending the Championships. Approximately 1,400 riders from 90 countries are set to compete and the action will be beamed to a global TV audience of over 250 million.

To capture these memorable moments, more than 600 media representatives will cover this outstanding event. We would like to thank you for your valuable contribution to the visibility and promotion of these Championships. As photographers and reporters working for TV, radio, print and digital media, you will find the equipment and services you would expect of an event of this calibre at the Media Centre, the TV compound and the many other areas set aside for your use. Please be assured that the dedicated teams of the Organising Committee and the Union Cycliste Internationale, cycling’s governing body, will draw on their expertise to meet your expectations to the best of their abilities.

We hope this Media Guide will provide you with useful information and contacts for your work in Yorkshire and wish you an unforgettable 2019 UCI Road World Championships.

Louis Chenaille
UCI Press Officer

INCLUSIVE, INNOVATIVE AND INSPIRING

On behalf of everyone at Yorkshire 2019 I’d like to wish you a very warm welcome and hope that you enjoy your time in this beautiful part of the world. We are thrilled to be hosting the 2019 UCI Road World Championships on behalf of Great Britain and our goal to deliver the most inclusive, innovative and inspiring edition ever.

Organising the Yorkshire 2019 Para-Cycling International alongside the Championships is one way of doing that, and we are breaking further new ground this year by introducing the Team Time Trial Mixed Relay which will see male and female riders competing together for the very first time.

We have worked in partnership with the UCI to design a spectacular range of routes and we’re sure the world’s best riders will find them challenging and exhilarating in equal measure.

The reception they’ll receive on roadside will be absolutely incredible and all of Yorkshire will be swathed in the iconic rainbow bands.

We have produced this media guide to provide you with all the information you need to work effectively during your stay, and I look forward to meeting many of you in person during the nine days of competition.

Once again, we’re enormously proud to welcome you to Yorkshire and we hope that you have a productive and thoroughly enjoyable stay.

Charlie Dewhirst
Head of Communications, Yorkshire 2019
### Competition Schedule

#### Sunday 21 September
- **Team Time Trial Mixed Relay Training**
  - Harrogate Circuit
  - Start Time: 9:00am, Finish Time: 11:00am
- **Yorkshire 2019 Para-Cycling International**
  - Beverley to Harrogate
  - Start Time: 12:00pm, Finish Time: 2:15pm
  - Tadcaster to Harrogate
  - Start Time: 2:00pm, Finish Time: 3:25pm
  - Wetherby to Harrogate
  - Start Time: 3:00pm, Finish Time: 4:25pm

#### Sunday 22 September
- **Team Time Trial Mixed Relay**
  - Harrogate Circuit
  - Start Time: 1:10pm, Finish Time: 3:40pm

#### Monday 23 September
- **Women Junior Individual Time Trial**
  - Harrogate Circuit
  - Start Time: 10:10am, Finish Time: 11:45am
- **Men Junior Individual Time Trial**
  - Harrogate Circuit
  - Start Time: 1:10pm, Finish Time: 4:40pm

#### Tuesday 24 September
- **Men U23 Individual Time Trial**
  - Ripon to Harrogate
  - Start Time: 10:10am, Finish Time: 12:30pm
- **Women Elite Individual Time Trial**
  - Ripon to Harrogate
  - Start Time: 2:40pm, Finish Time: 4:50pm

#### Wednesday 25 September
- **Road Race Training**
- **Men Elite Individual Time Trial**
  - Northallerton to Harrogate
  - Start Time: 10:00am, Finish Time: 12:00pm
  - Start Time: 11:10am, Finish Time: 3:50pm

#### Thursday 26 September
- **Men Junior Road Race**
  - Richmond to Harrogate
  - Start Time: 12:10pm, Finish Time: 3:45pm
- **Women Elite Individual Time Trial**
  - Ripon to Harrogate
  - Start Time: 8:40am, Finish Time: 11:20am
- **Men U23 Road Race**
  - Ripon to Harrogate
  - Start Time: 2:10pm, Finish Time: 7:05pm

#### Friday 27 September
- **Women Junior Road Race**
  - Doncaster to Harrogate
  - Start Time: 12:10pm, Finish Time: 3:45pm
- **Men U23 Road Race**
  - Doncaster to Harrogate
  - Start Time: 8:40am, Finish Time: 11:20am

#### Saturday 28 September
- **Women Elite Road Race**
  - Bradford to Harrogate
  - Start Time: 11:40am, Finish Time: 4:00pm

#### Sunday 29 September
- **Men Elite Road Race**
  - Leeds to Harrogate
  - Start Time: 8:40am, Finish Time: 3:40pm

### Media Events Schedule

#### Saturday 21 September
- **Opening Ceremony**
  - Time: 5:00-6:00pm
  - Location: Harrogate Fan Zone

#### Sunday 22 September
- **Official Sportive**
  - Time: 7:00-10:30am
  - Location: All routes start on Parliament Street in Harrogate and finish at the Yorkshire Showground in Harrogate

#### Wednesday 25 September
- **UCI Junior Conference**
  - Time: 4:30–6:00pm
  - Location: Harrogate Convention Centre
- **Aigle – Martigny 2020 Official Presentation**
  - Time: 7:30pm–9:30pm
  - Location: Harrogate Convention Centre

#### Friday 27 September
- **Trials Demonstration**
  - Time: 8:00–8:45am
  - Location: Harrogate Convention Centre
- **UCI Congress**
  - Time: 9:00–4:00pm
  - Location: Harrogate Convention Centre
- **UCI Bike City Label Awards**
  - Time: 12:00–1:00pm
  - Location: Harrogate Convention Centre

#### Saturday 28 September
- **UCI President Press Conference**
  - Time: 9:00–10:00am
  - Location: Press Conference Room

#### Sunday 29 September
- **Closing Ceremony and UCI flag handover**
  - Time: Post Race
  - Location: Harrogate Fan Zone

*All timings are subject to change*
INTRODUCING
THE UCI

Founded in 1900 in Paris, France, the Union Cycliste Internationale (UCI) is world cycling’s governing body. Its mission is to develop and oversee cycling in all its forms and for everyone, as a competitive sport, a healthy recreational activity, a means of transport, and as a form of enjoyment. It represents, before sporting and public institutions alike, the interests of 194 National Federations, five Continental Confederations, more than 1,500 professional riders, more than half a million licensed riders, several million cycling enthusiasts, and two billion bicycle users the world over.

EXCELLENCE IN PERFORMANCE

The UCI oversees the development of cycling as a competitive sport and in all its forms around the world. It is committed to meeting the highest standards in all its activities and to earning and maintaining its reputation as an international sports federation of great integrity and achieving excellence in performance.

The UCI manages and promotes eight cycling disciplines: Road cycling, Track cycling, Mountain Bike, BMX Racing, BMX Freestyle, Cyclo-cross, Trials and Indoor cycling. Five of them are on the Olympic Games programme (Road, Track, Mountain Bike, BMX Supercross and BMX Freestyle Park), while two feature at the Paralympic Games (Road and Track) and four at the Youth Olympic Games (Road, Mountain Bike, BMX Supercross and BMX Freestyle Park). Cycling races have been organised at every Olympic Games of the modern era, and cycling is now the third-largest Olympic sport in terms of number of medal events (22) and athlete quotas (528).

THE RAINBOW JERSEY

The UCI promotes its own events, among them World Championships in all its disciplines. These competitions see the crowning of the UCI World Champions, who have the honour of wearing the prestigious rainbow jersey for a year. The UCI World Championships represent the high point of the season in each discipline and enjoy extensive media coverage around the world.

The UCI also organises the UCI World Cups, a series of competitions that run throughout the season and comprise events of the highest quality in the various disciplines. The UCI World Cup rankings provide a common thread in each season’s narrative. The race for the leaders’ jersey represents a major challenge, while the title of UCI World Cup champion is a notable sporting achievement.

CYCLING DEVELOPMENT

To promote the global and equitable development of cycling, the UCI founded the UCI World Cycling Centre (WCC) in 2002. As well as serving as the governing body’s headquarters, the UCI WCC is a high-level training and education centre that welcomes more than a hundred promising young athletes every year as well as people taking training courses in cycling professions. The UCI WCC’s programmes are designed to give everyone, irrespective of where they come from or the resources available to them in their respective countries, the opportunity to fulfil their potential at national or international level. Daniel Teklehaimanot of Eritrea provides an example of what aspiring riders can achieve. A UCI WCC trainee road athlete between 2009 and 2011, he went on to sign his first professional contract and in 2015 became the first black African rider to wear the polka-dot King of the Mountains jersey at the Tour de France.

Meanwhile, Venezuela’s Stefany Hernandez – a BMX trainee at the UCI WCC between 2012 and 2016 – was crowned a UCI World Champion in 2015 and won a bronze medal at the Olympic Games Rio 2016.

MORE THAN JUST A SPORT

Cycling is also more than just a sport. The bicycle fulfils a number of needs outside the sporting environment, as a means of transport and recreation, which is why the UCI is committed to developing its Cycling for All programmes, which are designed to improve conditions for cycling and its accessibility.

The UCI is responsible for ensuring that cycling operates the most efficient and advanced anti-doping programme, and it works towards this in collaboration with the World Anti-Doping Agency (WADA) and the National Anti-Doping Organisations (NADOs). The UCI is not directly involved in tests and their planning, however. These tasks have been entrusted to an independent body – the Cycling Anti-Doping Foundation (CADF).
Yorkshire 2019 is the organisation responsible for delivering the 2019 UCI Road World Championships in partnership with the UCI. The company was incorporated by UK Sport as its subsidiary in November 2016 after Yorkshire was awarded the right to host the Championships.

The winning bid was made jointly by British Cycling, the Department for Digital, Culture, Media and Sport (DCMS), UK Sport and Welcome to Yorkshire.

The event will be funded principally through DCMS and UK Sport, whilst also receiving support from British Cycling and the Local Authorities selected to host the event.

Yorkshire 2019’s ambitions complement the UCI’s commitment to leading the development of cycling as a competitive sport and strengthening its reputation for high standards, integrity and outstanding performance. These ambitions are structured around three key pillars.
A TIDAL WAVE OF SUPPORT

The goal of Yorkshire 2019 is to deliver a UCI Road World Championships on an unprecedented scale which engages the whole of the United Kingdom. 1.96 million spectators turned out to watch the 2019 Tour de Yorkshire and four million fans visited the county to support the Tour de France Grand Départ in 2014. Those crowds were among the largest ever assembled on British shores and created an electric and truly magical atmosphere.

Away from the roadside, villages, towns and cities across Yorkshire always embrace cycling races, laying on street parties, big screens and all manner of entertainment to heighten a true sense of occasion. We want to do the same again in 2019 and our vision is to paint Yorkshire in the iconic rainbow bands.

UNPRECEDENTED FINANCIAL BACKING

The UK Government and UK Sport have committed £12 million (€13 million) to guarantee a world-class Championships. In addition, the 11 Local Authorities hosting the Championships are working to facilitate a fantastic experience for all athletes and spectators.

A UNIQUE AND LASTING LEGACY

Staging the 2019 UCI Road World Championships will be transformational for cycling in the UK. The UK Government has not only committed their funding to the event delivery, but a further £15 million (€16,500) has been allocated to develop entry-level cycling facilities across England. This commitment means that for the first time ever, a UCI Road World Championships is delivering a legacy that will transform the sporting fabric of a country.

British Cycling state that a lack of suitable, multi-discipline cycling facilities throughout Britain is one of the largest barriers to entry for a number of groups in society participating in cycling. The investment will improve existing facilities through a small grants programme and a large-scale funding programme which will seek to position new multi-use facilities around the country, to engage people with the sport at grassroots level. In order to increase satisfaction and grow participation there is a need to keep developing a network of traffic-free cycling facilities, with appropriate ancillary facilities, to improve the quality of the cycle sport experience for all participants.

Put simply, the huge numbers of people we want the 2019 UCI Road World Championships to inspire must have somewhere to go on their bikes. This network of national, regional and community traffic-free facilities is fundamental to British Cycling’s ambitions to transform Britain into a great cycling nation.

These new venues will form a key part of British Cycling’s strategy to recruit over five million new participants into cycling, bringing an economic benefit of at least £640 million (€700 million) over the lifetime of the project, based solely on the value of the people influenced to cycle by British Cycling.

Since 2008 British Cycling have been working to increase the number of dedicated cycling facilities in the UK. The facilities funded through this legacy programme will broaden that offering and ensure that thousands more people from communities across the country have accessible spaces in which to embrace our great sport.
INTRODUCING THE YORKSHIRE 2019
PARA-CYCLING INTERNATIONAL

This groundbreaking showcase of para-cycling has been included on the race programme ahead of the Championships to ensure this festival of cycling in Yorkshire is the most inclusive ever held on British shores. A world-class field will take part and the action will play out in front of one of the largest crowds ever assembled for an elite para-cycling event.

The event

The Yorkshire 2019 Para-Cycling International is the very first UCI-sanctioned international para-cycling event to take place alongside the UCI Road World Championships. The competition will act as a qualifier for the Tokyo 2020 Paralympic Games and welcome entries from every Paralympic road racing classification.

The race

This one-day event on Saturday 21 September will comprise races for four groups of disabled riders:

- **Tandem** visually impaired riders with a sighted pilot on the front
- **Bicycle** riders with physical impairments using an adapted bicycle to assist them
- **Handcycle** riders with impairments affecting either both legs or a combination of the upper and lower limbs
- **Tricycle** riders with cerebral palsy, neurological conditions or unable to ride a bicycle

The racing will encompass 13 classifications for male and female riders and take place on a point-to-point route. Riders will be placed in the appropriate classification depending on their functional capacity and start from one of three locations depending on their impairment (full route information can be found on page 36).
INTRODUCING THE UCI ROAD WORLD CHAMPIONSHIPS

JOY, DRAMA AND STORIES
History of the Championships

Since the first half of the 20th Century, this event has symbolised joy, drama and all the stories, little and large, that illustrate cycling. The UCI Road World Championships take place every year, at the end of the season, and are a major goal for the world’s best riders.

Paradoxically, the legend began amongst the Amateur ranks. During the UCI Congress in Paris in 1920, the Italian delegation, backed by the Belgians, the French and the Swiss, asked for a World Championships for professional riders. However, it was for the Amateurs that the Championships were organised from 1921, in the form of a time trial. According to the UCI, there were not enough professional riders to justify launching such an event for this category of rider.

These Championships established nearly 20 years after the Tour de France (1903), well after Paris-Roubaix (1896) and Liège-Bastogne-Liège (1892), were sorely needed for a sport that was rapidly gaining in popularity. They replaced the Amateur middle-distance World Championships, launched in 1893, but interrupted in 1914 due to the First World War and never revived.

THE FIRST EDITION
July 21, 1927, Germany

The bicycle was all the rage with the public. Created in 1922, the GP Wolber, which took place in France, was considered the non-official World Championships. Then in 1926, at another UCI Congress in Paris, the governing body came up with the idea of an event, raced on a circuit, open to Professionals and Amateurs alike, but with two distinct classifications. That is how the first World Championships for Professionals came into being. The venue was Nürburgring, in Germany, the date July 21, 1927.

In this first edition there were no unknown riders. The big names were present, such as Alfredo Binda, surely the most famous Italian champion after Fausto Coppi. The Lombard, an exceptional climber and winner of the Giro in his first participation in 1925, won by more than seven minutes in front of fellow Italian Costante Girardengo. At nearly 12 minutes, Belgium’s Jean Aerts finished fifth overall and was crowned Amateur World Champion.

GROWTH AND EXPANSION
New races, new champions

The Amateur World Championships continued to exist until 1995 - crowning the likes of Eddy Merckx in 1964 and Jan Ullrich in 1993 - when it was replaced by the Men Under-23 World Championships.

As the years went by, the UCI World Championships did not cease to expand, with more races joining the programme. In 1958, for the first time, a race was organised for Women and was won by Luxembourg’s Elsy Jacobs.

Between 1962 and 1994, except during Olympic years, a Men’s national team time trial was raced, with Italy winning the first edition. The same event for women was introduced in 1987. Their last editions coincided with the launch of the World Championship individual time trial. The teams event, but for trade teams, was reintroduced to the Worlds programme in 2012. In 2019, a new team time trial replacing the trade team event will be inaugurated. It will be raced as a mixed relay, reserved for national teams, comprising both men and women.

In 1975, the UCI added what has become a not-to-be-missed event of the cycling season, a road race for Junior Men. The introduction of a race for Junior Women followed in 1987. The Junior time trials became part of the annual festivities in 1994 for the Men and 1995 for the Women.

GREAT CYCLING NAMES
A hallmark of the very best

The UCI Road World Championships were interrupted just once, during the Second World War (1939-1945). Each generation has produced some of history’s great cycling names: Binda, Coppi, Bobet, Van Steebergen, Merckx, Hinault... the winners have the honour of wearing the rainbow jersey – white with the five coloured bands representing the five continents – for the following season.

Together with the three Grands Tours, the UCI Road World Championships are among the four most sought-after victories. The unofficial symbolic title “Triple Crown” is used for riders who win three of these four events in the same season. Only Eddy Merckx (1974) and Stephen Roche (1987) have been capable of this exploit, winning the Giro, the Tour and the World Championships in the same year. The hallmark of the very best.
THE EVENTS

The UCI Road World Championships is one of the pinnacle events on the professional cycling calendar featuring the best male and female riders from around the globe. The 2019 event features 11 races over eight days of competition for Junior (U18), Under 23 and Elite athletes.

1 TEAM TIME TRIAL MIXED RELAY
A new event for 2019
Yorkshire is proud to be making history by hosting the first-ever Team Time Trial Mixed Relay at a UCI Road World Championships. This brand-new event will precede the Individual Time Trial and Road Races and replace the separate Men’s and Women’s Team Time Trials which ran between 2012-2018. National teams will consist of three male riders and three female riders from the Under 23 and Elite categories. The male riders will set off first and the women will replace them on the road as soon as the second male rider has crossed the finish line after completing one lap of the Harrogate circuit. Final timings will then be taken when the second female rider crosses the finish line at the end of their lap and the fastest team will be declared the winner. The six riders of the winning nation will then all be awarded the rainbow jersey.

The event will contribute to the UCI World Ranking and count towards qualification for the Tokyo 2020 Olympic Games. The total prize money for the top 10 teams will be €166,000 (£152,000), identical to what was offered in the Team Time Trial event in 2018.

The new format is a significant step towards achieving the UCI’s major objectives of increasing the attractiveness of the Championships, developing women’s cycling and promoting National Federations.

To find out more about the Team Time Trial Mixed Relay, check out the film from the test event at the UCI Headquarters in Aigle here: https://youtu.be/SISyOYDU8xo

2 INDIVIDUAL TIME TRIALS
A race against time
In this discipline cyclists ride alone against the clock and the athlete who crosses the finish line in the fastest time is declared the winner. Riders will set off at regular intervals and compete for their national team.

3 ROAD RACES
Race for glory
A mass start event where national teams come together in a peloton and compete against each other. The winning rider is the first to cross the finish line at the end of the full race distance. Teams range in size with the number of riders being determined on the number of points that country has amassed on the official UCI Rankings over the previous 12 months. The more points, the more riders from each country can compete.
An outstanding achievement

Success: The world champion has the honour of wearing the rainbow jersey when competing in that same discipline for a whole year up to the subsequent UCI Road World Championships.

The Rainbow Bands: The rainbow jersey was first awarded in 1927, the year of the first UCI Road World Championships for professional riders. The design has remained much the same ever since. It is predominantly white with five horizontal bands representing the UCI colours around the chest.

The rainbow jersey was first awarded in 1927, the year of the first UCI Road World Championships for professional riders. The design has remained much the same ever since. It is predominantly white with five horizontal bands representing the UCI colours around the chest.

Legacy: After a world champion’s reign is over, that rider is allowed to wear rainbow piping on the sleeve cuffs and collar of their trade team jersey until the end of their career, as testimony to an exceptional achievement.

INTRODUCING THE RAINBOW JERSEY

The winning team of the Team Time Trial Mixed Relay and the winner of each Individual Time Trial and Road Race event at the UCI Road World Championships is awarded the rainbow jersey – one of the most iconic prizes in the sport. “When you see the world champion’s jersey in the peloton, you get out of the way”, say the riders.
Great Britain is one of the leading lights in world cycling. Here are some interesting stats which help plot our history at the UCI Road World Championships.

38
Total number of UCI Road World Championships medals won by Great Britain (17 gold, 11 silver, 10 bronze)

7
The position Great Britain sits on the all-time elite UCI Road World Championships medal table

7
Total number of UCI Road World Championships medals Nicole Cooke (Britain’s most decorated road world champion) owns

16
Total number of men’s UCI Road World Championships medals (5 gold, 6 silver, 5 bronze)

22
Total number of women’s UCI Road World Championships medals (12 gold, 5 silver, 5 bronze)

1
Women Elite Individual Time Trial winner (Emma Pooley in 2010)

2
Men Elite Road Race winners (Tom Simpson in 1965 and Mark Cavendish in 2011) and Men Elite Individual Time Trial (Chris Boardman in 1994 and Sir Bradley Wiggins in 2014)

4
Number of Men Elite Individual Time Trial medals Chris Boardman (Britain’s most decorated male road world champion) owns (1 gold, 1 silver, 2 bronze)

3
Number of UCI Road World Champions who come from Yorkshire (Beryl Burton, Lizzie Deignan and Tom Pidcock)

5
**YORKSHIRE: THE RAINBOW COUNTY**

Yorkshire is the largest county in Britain covering 15,000 square kilometres. It enjoys an exceptional variety of landscapes – breathtaking coastline, glorious countryside and iconic rivers dotted with ancient towns, thriving cities, rugged moors, beautiful dales and magnificent hills.

---

Inspirational landscapes

Yorksire is perfect for cycling and offers an impeccable backdrop to the 2019 UCI Road World Championships.

**Quick facts:** Yorkshire has a population of 5.3 million which equates to 9% of the UK population (source: 2011 Census – Office for National Statistics) and has an economy worth £112 billion (source: Office for National Statistics). It is comprised of four ceremonial counties (the East Riding of Yorkshire, North Yorkshire, South Yorkshire and West Yorkshire) which are in-turn governed by 22 local authorities. The county encompasses three National Parks (the Yorkshire Dales, North York Moors and Peak District) and three Areas of Outstanding Natural Beauty (Howardian Hills, Nidderdale and the Forest of Bowland). If Yorkshire were a country it would have finished 14th in Rio 2016 Olympics medal table!

**God’s Own County:** There has never been a better time for the UCI Road World Championships to visit the county. Cycling is booming across Yorkshire. Sport England’s Active Lives survey which (published in March 2018) found that over half a million people (10.5%) now cycle regularly and the county ranks second in the UK for overall cycling participation.

---

**THE HOME OF CYCLING**

Yorkshire’s journey to become a world-class cycling destination began in 2014 when the county hosted the start of the Tour de France. Director Christian Prudhomme described it as ‘the grandest Grand Départ’ in the race’s history with four million roadside spectators over the opening two stages.

---

**God’s Own County:** There has never been a better time for the UCI Road World Championships to visit the county. Cycling is booming across Yorkshire. Sport England’s Active Lives survey which (published in March 2018) found that over half a million people (10.5%) now cycle regularly and the county ranks second in the UK for overall cycling participation.

---

Marcel Kittel sprinted to victory on the first day of action in Harrogate - on exactly the same spot where the 2019 UCI Road World Championships races will conclude. Vincenzo Nibali meanwhile, timed his late attack to perfection to win in Sheffield on stage two.

**Direct Legacy:** In 2015 the Tour de Yorkshire was created as a direct legacy of the Tour de France and it proved an instant success. Its popularity ensured the men’s race expanded from three to four days in 2018 and the Asda Tour de Yorkshire Women’s Race doubled in size from one day to two.

**Record numbers:** The 2019 edition saw Chris Lawless become the first British winner of the men’s race while legendary cyclist Marianne Vos emerged triumphant in the women’s event. 1.96 million fans line the route and the races were watched by a record 28 million TV viewers in 190 countries.

Both races also featured the Harrogate World Championships circuit in 2019 which allowed riders to sample this key New Page of the parcours under race conditions.
Commitment to everyday cycling

Honour: At the time Yorkshire was one of only eight places to have been bestowed the honour since the labels were relaunched by the UCI in 2015. The UCI grants UCI Bike City/Region status to locations that demonstrate an outstanding commitment to growing and promoting everyday cycling, as well as hosting major UCI cycling events.

Of course, Yorkshire fits that bill perfectly. Hosting the 2014 Tour de France Grand Départ inspired the county to deliver a wide range of cycling legacy projects and implement multi-year cycling strategies across its 22 Local Authorities which target events, infrastructure, training, education and tourism.

Access to bikes: With a clear vision to make ‘more people cycle more often’, headline initiatives have included the £35 million Cycle Superhighway which now links Leeds and Bradford, and the 63 Yorkshire Bank Bike Libraries that Welcome to Yorkshire has opened since 2014 where children can gain free access to bikes.

More information can be found at https://www.uci.org/cycling-for-all/bike-city-label/yorkshire
Ever since cycling began to evolve in Britain during the 1800s, Yorkshire has had a close and cherished association with the bicycle. There are hundreds of cycling clubs across the county with members ranging from purely recreational to highly competitive.

Otley (founded in 1890), Clifton (1895) and Ilkley (1896) Cycling Clubs are among the oldest in the country and were among the bastions of the British scene before a nationwide ban on open road racing was finally lifted in the 1950s.
HISTORY MAKERS

Yorkshire has led the way in producing some of the country’s greatest riders.

1 BRIAN ROBINSON, MIRFIELD
A true pioneer if ever there was one. In 1955 Robinson and Tony Hoar became the first British riders to complete the Tour de France, and after sealing a podium position at Milan-San Remo two years later, Robinson then became the first British rider to win a stage at the 1958 Tour. A further stage success would follow in 1959, and Robinson took the overall crown at the 1961 Critérium du Dauphiné Libéré before he retired.

2 BERYL BURTON OBE, LEEDS
Few riders, if any, have dominated the sport like Beryl Burton did in the 60s and 70s. During that period she earned two UCI Road World Championships titles (in 1960 and 1967) and five rainbow jerseys on the track. On the UK scene, she won more than 90 domestic championships and set numerous national records, and it is highly unlikely her palmarès will ever be matched.

3 BARRY HOBAN, WAKEFIELD
Hoban established himself as one of the world’s best sprinters when he scooped two stage wins at the 1964 Vuelta a España. Eight stage successes would follow at the Tour de France before he retired having racked up 13 Tour finishes – a record for a British rider that stands to this day. Add the 1974 Ghent-Wevelgem title and podium places at Paris-Roubaix and Liège–Bastogne–Liège and you have a true trailblazing talent.

4 MALCOLM ELLIOTT, SHEFFIELD
Elliott has the distinction of being the first British rider to win a Grand Tour points jersey after topping the classification at the 1988 Vuelta a España. Before that landmark feat he had marked himself out as a prodigious talent by winning two gold medals at the 1982 Commonwealth Games, and he would sprint to three stage triumphs at the Vueltas before switching to the American circuit in 1993.

5 ED CLANCY MBE, BARNSTLEY
Although Clancy is a familiar face on the British road scene, it is the track where he has enjoyed most success, and is one of the true standout riders from Britain’s golden generation of cyclists. With three Olympic gold medals, six world titles and five European Championships wins to his name, Clancy remains one of the finest endurance riders in the sport.

6 BEN SWIFT, ROTHERHAM
An alumnus of British Cycling’s world-renowned Academy, Swift is equally at home on the road or track. A founding member of Team Sky (now Ineos) in 2010 he achieved their first stage race win at the Tour de Picardie title that same year. His successes include a gold medal in the 2012 UCI World Track Championships and finishing fifth at the 2018 UCI Road World Championships in Bergen. He is the current British Road Race Champion.

7 LIZZIE DEIGNAN (NÉE ARMITSTEAD), OTLEY
A former rainbow jersey winner on the track, Deignan wowed the crowd in 2015 when she powered to a stunning UCI Road World Championships victory in Richmond. That result earned her a clean sweep of National, Commonwealth and World road titles and cemented her place in the history books. Deignan is sure to receive a hero’s welcome if she lines up as expected in her home World Championships.

8 TOM PIDCOCK, LEEDS
Pidcock is currently one of the hottest prospects in world cycling and has an extremely bright future ahead of him. The 20 year old has held National, European and World Cyclo-cross titles as both a junior and under-23 rider, and has also won Paris-Roubaix in those two age categories. If that wasn’t enough, he won the Men Junior Individual Time Trial at the 2017 UCI Road World Championships and earlier this year was crowned the winner of the UCI Under-23 Cyclo-cross World Cup, confirming his all-round credentials.
In order to engage all four corners of the county the 2019 UCI Road World Championships and Yorkshire 2019 Para-Cycling International will encompass 10 different locations across Yorkshire.

Yorkshire 2019 Para-Cycling International
21 September

2019 UCI Road World Championships
22 – 29 September
Harrogate has been selected as the main competition town.

Set in the heart of Yorkshire, the spa town of Harrogate has been chosen as the central location for the 2019 UCI Road World Championships as it meets all the criteria needed to host a world-class sporting event.

Harrogate is a natural host town and visitors have been attracted there for over four centuries. It is beautiful and ideally positioned - a short trip from Bradford, Leeds and York - and is surrounded by some of Britain’s most stunning scenery.

Harrogate developed as a popular spa resort in the 18th century when the rich and famous of Georgian society came to enjoy its waters. The legacy of those wealthy visitors can still be seen in the town’s extravagant hotels, elegant architecture, green open spaces and beautiful parks.

And while steeped in history, modern-day Harrogate has become one of the county’s most vibrant centres with fantastic shopping, leisure and entertainment facilities, and a wide variety of restaurants and cafes. It is also a lively cultural hub with a theatre, beautifully restored Edwardian concert hall, several art galleries and a year-round programme of festivals.

In 2014 it was chosen as the destination town for the opening stage of the Tour de France and passed that test with flying colours, hosting over 300,000 fans and the city on wheels which is Le Grande Boucle’s logistical core. We have no doubt it will excel in every area once again.

For more information on Harrogate and the surrounding area go to yorkshire2019.co.uk/Harrogate

Other UCI Road World Championships Host Towns

**BRADFORD**

Bradford rose to prominence in the 19th century as an international centre of textile manufacture and rapidly became the “wool capital of the world”. City Hall, the Alhambra Theatre and Bradford Cathedral are just some examples of the city’s most iconic architecture. The city is also rich in culture and in 2009 it became the world’s first UNESCO City of Film. A thriving food scene only adds to its all-round credentials and it will prove the perfect start location for the Women Elite Road Race.

For more information about Bradford go to: yorkshire2019.co.uk/visit/Bradford

**NORTHALLERTON**

Northallerton is the county town of North Yorkshire, nestled between the Yorkshire Dales National Park to its west and the North York Moors National Park to the east. The bustling centre, with its wide High Street and variety of shops, cafes and pubs, will provide the perfect backdrop as the world’s best elite male time triallists set off on their testing trip to Harrogate.

For more information about Northallerton go to: yorkshire2019.co.uk/visit/Northallerton

**DONCASTER**

An historic market town situated at the southern edge of Yorkshire, Doncaster is renowned for its horse racing, rich railway heritage, and its wealth of Georgian and Regency architecture. Doncaster sits at the very heart of its borough and has more than enough to entertain the casual visitor. Huge crowds turned out to support the Tour de Yorkshire when the opening stage started here in 2019 and they will be on hand again in support of the rainbow jersey.

For more information about Doncaster go to: yorkshire2019.co.uk/visit/Doncaster

**LEEDS**

Leeds is a thriving, passionate city, rich in culture and heritage. It is the country’s third largest city with a population of 800,000 and is currently one of the fastest growing cities in the UK. The contemporary economy of Leeds has been shaped by the desire to be a ‘24-hour European City’ and ‘Capital of the North’. Leeds was the official start city of the Tour de France in 2014, and that honour has been bestowed once again for the concluding day of the 2019 UCI Road World Championships.

For more information about Leeds go to: yorkshire2019.co.uk/visit/Leeds

**RICHMOND**

Founded in 1071, Richmond, Yorkshire is the oldest of the 57 settlements around the world which bear the same name. Over the centuries it has grown into a vibrant market town boasting the largest cobbled marketplace in England. Another of Richmond’s famous landmarks is the Norman castle which dominates the town’s skyline, and a host of elegant Georgian buildings dotted around the centre only add to its historic charm. Exposure gained from hosting the 2018 Tour de Yorkshire means Richmond is thriving and it will be boosted again when the Championships touch down in this quaint location.

For more information about Richmond go to: yorkshire2019.co.uk/visit/Richmond

**RIPON**

Ripon was founded over 1,300 years ago and is England’s third smallest city, famed for its striking cathedral. The ancient centre is filled with shops, cafes and restaurants, while the UNESCO World Heritage Site of Studley Royal Park and Fountains Abbey is just three miles away. Its ease of accessibility and range of hospitality outlets makes it another exceptional host, and the rolling roads which surround it will make for spectacular time trialling.

For more information about Ripon go to: yorkshire2019.co.uk/visit/Ripon

---

For more information about the UCI Road World Championships go to: yorkshire2019.co.uk/uci
Yorkshire 2019 Para-Cycling International Host Towns

**BEVERLEY**
Beverley is a market town with beauty in abundance and first became a tourist destination in the 12th century. With an awe-inspiring Minster - famous for its 13th century stone carvings and stained glass through to its 15th century North Bar and abundance of Georgian buildings, the town attracts history buffs from far and wide. Beverley Racecourse has also been part of the town’s lifeblood since the 16th century and hosts some of Britain’s best flat racing. It’s no wonder Beverley is regularly voted one of the best places to live in the UK.

Widespread exposure gained from hosting the starts of the 2016 and 2018 Tours de Yorkshire means the town is thriving, and it will be boosted again when the Yorkshire 2019 Para-Cycling International touches down and the eyes of the world focus once more on this quaint location.

For more information on Beverley go to yorkshire2019.co.uk/visit/Beverley

**TADCASTER**
Tadcaster is a small market town with a big personality. Nestled halfway between York and Leeds, it has existed since Roman times and has rich brewing history dating back to the 14th century. It is still home to three famous breweries and draft horses are still a common sight on its streets to this day. At the heart of the town stands the Ark, a 15th century building reputed to be where the pilgrim fathers met to plan their historic voyage to America.

Tadcaster is a real cyclists’ town surrounded by gently rolling hills which are perfect for riding. The town is home to two independent bike shops and there are a range of other independent shops and cafés too, offering exactly the right type of respite from a day in the saddle. The world’s best para-cyclists are sure to receive a warm reception here.

For more information on Tadcaster go to yorkshire2019.co.uk/visit/Tadcaster

**WETHERBY**
Wetherby is an award-winning floral market town nestled on the banks of the River Wharfe. The town is equidistant from Edinburgh and London (198 miles or 319km) and this central location means it has served as a staging post for countless travellers over the years. Nowadays Wetherby has developed into a busy market town. It still retains its Thursday Market which was first granted by Royal Charter in 1240 and the centre is full of interesting shops. Two attractions not to be missed are its cinema which dates back to 1915 and Sandringham Park which was awarded a prestigious Green Flag Award.

There are many other treasures to explore among Wetherby’s streets and a Historical Trail guides visitors around town giving them a fascinating insight into Wetherby’s colourful past. Be sure to check it out before you watch the riders pass.

For more information on Wetherby go to yorkshire2019.co.uk/visit/Wetherby
WORKSPACE
Written press, photographers and radio TV accredited journalists attending the event will be able to work from the Media Centre, located in Hall M at the Harrogate Convention Centre. Accreditation is required in order to access the Media Centre (see p29 for more details on accreditation). The Media Centre opening times are as follows:

- **Friday 20 September** 9am - 10pm
- **Saturday 21 September** 8am - 10pm
- **Sunday 22 September** 9am - 10pm
- **Monday 23 September** 8am - 10pm
- **Tuesday 24 September** 7:30am - 10pm
- **Wednesday 25 September** 9am - 10pm
- **Thursday 26 September** 9am - 10pm
- **Friday 27 September** 7:30am - 10pm
  - Open from 6:30am for photographer shuttle bus
- **Saturday 28 September** 7:30am - 10pm
- **Sunday 29 September** 7:30am - 10pm
  - Open from 6:30am for photographer shuttle bus
- **Monday 30 September** Closed

Timings subject to change

The Media Centre address is as follows:
**Hall M, Harrogate Convention Centre, King’s Road, Harrogate HG1 5LA**

LOCKERS
Lockers will be at the disposal of photographers in order to store their equipment. Locker keys can be collected from the Media Welcome Desk and a cash deposit must be provided prior to usage.

CATERING
In the Lounge Area of the Media Centre, there is a Cafeteria where you purchase meals and refreshments. Also lunch or any other meals should not be taken at the work place in the Media Centre.

LIGHT REFRESHMENT AREA
The media refreshment area offers accredited media light refreshments (hot and cold drinks) free of charge.

CAFÉ
The café will be located next to the Media Centre inside the Harrogate Convention Centre and a large selection of hot and cold food and drink options will be available for accredited media to purchase. Seating will be provided and we kindly request that meals are not eaten at your work place in the Media Centre.

TASTE OF YORKSHIRE STAND
Welcome to Yorkshire – the destination management organisation for Yorkshire - will be providing information about the county, World Championships start locations and various tourist and cultural attractions. A selection of locally produced food and drink will also be available to sample.

YORKSHIRE 2019 ONLINE MEDIA AREA
Yorkshire 2019 place great importance on providing you with the best-possible facilities and support for you to do your work during the Championships. Daily press releases, photographs, audio files and press material can be found at: [https://yorkshire.box.com/v/Yorkshire2019Media](https://yorkshire.box.com/v/Yorkshire2019Media)

These may be used free of charge for communication purposes related to the Championships. We kindly ask any photographs used are credited to SWPix.com
DAILY YORKSHIRE 2019
MEDIA SERVICES

Morning briefing (sports and non-sports related):
In our morning briefings we will provide you with the most important information concerning the Championships that day (facts and figures about the races, the courses, VIP guests etc.).

- Language: English
- Release time: Before the start of the first race

2019 UCI Road World Championships Daily Press Release: We will circulate a press release following each post-race press conference looking back on the whole day from a sporting and local news perspective. We will also provide access to our image library which media can use for editorial usage free of charge.

- Language: English
- Release time: After the post-race press conference

PRESS CONFERENCE FACILITY
The Press Conference Room is located at West Park United Reformed Church which is located 0.3 miles (0.5km) away from the Media Centre on the corner of Victoria Avenue and Parliament Street, less than 50 metres from the finish line of all races.

The address is:
West Park United Reformed Church,
West Park, Harrogate HG1 1BL

The top-three finishers from every race will take part in the press conferences, along with all six riders from the top-three teams of the Team Time Trial Mixed Relay. Press conferences will take place after the end of each competition once the medal ceremony and mix zone duties have been fulfilled.

MEDIA ACCREDITATION
The Accreditation Centre will be located in Hall D of the Harrogate Convention Centre and can be accessed via the main entrance.

The address is:
Hall D, Harrogate Convention Centre,
King’s Road, Harrogate HG1 5LA

Media are required to wear accreditation at all times and access will not be granted to the above venues without accreditation.

**Media Centre parking and transport**

### CAR PARKS

When you collect your accreditation you will receive media parking stickers if you have successfully applied for them beforehand. These stickers will allow you to park at the media car parks free of charge for the duration of the Championships.

Harrogate media parking location:
**Jubilee Car Park, Union Street, Harrogate, HG1 1BW**

Walking distance to the Media Centre: approximately 0.2 miles (0.3km)

Walking distance to the Press Conference Room: approximately 0.3 miles (0.5km)

Due to the road closures in place during the Championships, you will have to follow a deviation to enter and exit the media car park. This will be clearly signposted.

Media car parks will also be provided at every race start location for those with valid media parking stickers. To access the media car parks please follow signs via the PPO.

Signage will be provided at each start location so accredited journalists can access each media car park via the PPO.

If you prefer to travel to the start locations by train, railway stations are less than a 15-minute walk away from the start lines in Beverley (0.5 miles), Northallerton (0.6 miles), Bradford (0.4 miles) and Leeds (0.4 miles). The start line in Doncaster is a 10-minute taxi ride (2.7 miles) from Doncaster Railway Station. Richmond, Ripon, Tadcaster and Wetherby are not served by railways.

### MEDIA SHUTTLE SERVICE

A shuttle service reserved for all media will run daily between the Media Centre and the remote start locations. The pick-up point will be clearly signposted and located on King’s Road which runs alongside the Harrogate Convention Centre. Shuttles can be booked on a first come first served basis. Please register at the Welcome Desk in the Media Centre the day before each race.

---

**Broadcast media**

### INTRODUCTION

All access to the venue for broadcast media (TV and Radio) will be organised according to the different tiers of partnership (Host Broadcaster (HB), Rights Holders (RH), News Rights Holders (RH-N), Non-Rights Holders (NRH)). Accreditation to access venues will only be granted after the rights are cleared with UCI media rights agencies EBU and IMG respectively.

### GENERAL ACCESS AND RESTRICTIONS

EBU staff in their role as Host Broadcasters will be wearing grey bibs, and that will allow them access to all areas in order to ensure a first-class television signal at the European Broadcasting Union’s standard.

Except for the Host Broadcaster, no RH members are allowed to film on the course after the finish line. This area shall stay as safe and clean as possible.

All other media will be recognisable with other bibs and will have access to the Mixed Zone as described above. Please note that a special access card is required in addition to the bib to access any dedicated position of the Mixed Zone.

### FILMING

The rights for continuous filming of the event are restricted to the authorized parties. Filming for broadcast (including online, social media etc.) may only take place by written permission of the UCI. Please refer to the broadcast contact details.
PHOTOGRAPHER AND BROADCASTER BIBS

Bibs and accreditation are required to be worn by photographers and broadcasters during the Championships. The bibs are numbered, strictly personal and cannot be replaced in the event of loss. They are separated into different colour categories according to the group they represent.

Photographers can collect their bibs at the Media Centre, whilst broadcaster bibs will have to be picked-up in the EBU booking office at the TV Compound. The deposit for all bibs will be £35 or €40.

In order to provide crews with the best-possible service and access, bibs must be collected as soon as possible upon arrival at the TV compound from the UCI and EBU representatives mentioned in the document.

PHOTOGRAPHER BRIEFINGS

Photographers’ briefings are planned in the Media Centre on 21st of September at 2:30–3:00pm for the Time Trials, and on 25th of September at 5:30–6:00pm for Road Races. Bibs will be distributed at the briefings and throughout the event. Bibs require a deposit of £35 or €40 or a professional press/photographer card.

Responsible person: Wings Media Centre Manager Laura Folchi (see contact details on page 3).

IN-COMPETITION PHOTOGRAPHER SHUTTLE SERVICE

A dedicated shuttle service for photographers only will run daily from the Media Centre to the competition start line, and then along the parcours. The pick-up point will be clearly signposted and located on King’s Road which runs alongside the Harrogate Convention Centre. The schedule of the shuttle, as well as its drop off points, will be updated on a daily basis and communicated to photographers.

Responsible person: Wings Media Centre Manager Laura Folchi (see contact details on page 3).
INTRODUCTION
The Mixed Zone is a covered area where accredited media can conduct interviews with athletes immediately after they finish their race. Separate, allocated areas for RH, NRH and Written Press will be set up in the Mixed Zone. As per previous years, all riders will be conducted through the Mixed Zone, with the exception of the top three riders, who will be retained for the Host Broadcaster flash interview and the award ceremony before being brought back to the Mixed Zone afterwards.

The Mixed Zone will be located close to the finish line and will be the first media contact with the riders after the race. Any interviews conducted at the studio platforms should be done once the riders have gone through the Mixed Zone.

If there is the wish for live interviews by the RHs of the countries of the winner, these RHs can conduct these interviews at the same time as the winner’s flash interview at the flash position. The relevant RHs shall address these queries to the UCI floor manager present in the Mixed Zone. To ensure a smooth process, and for the sake of clarity, if a rider has been chosen for an antidoping control, and in the case he/she is asking to use the restroom, this process prevails over media activities. The rider will be brought back to media after the test has been completed. Otherwise, antidoping process takes place after the press conference.

ACCESS TO THE MEDIA CENTRE
All UCI media partners’ TV crews are allowed to access the Media Centre to edit and upload videos, but for logistical reasons, we kindly request you do not to occupy that space when not required.

MEDIA MIXED ZONE AT START LOCATIONS
Please note there are no official media work space facilities at remote start locations – there will, however, be a media mixed zone prior to the Men and Women Elite Road Races in Bradford and Leeds.

The media mixed zone tents will be connected directly to the exit of sign-on stage, and divided in two sections (A/V Rights Holders and Written Press). Riders will pass through the mixed zones after leaving the sign-on stage, on their way to the field of play. Only accredited media will be allowed into these tents so accreditation must be worn at all times.
A range of challenging yet spectacular routes have been designed to bring the races to as wide a section of the Yorkshire population as possible. Harrogate is the main competition town for all races. Start towns have been selected in Beverley, Bradford, Doncaster, Leeds, Northallerton, Richmond, Ripon, Tadcaster and Wetherby resulting in an outstanding race programme.
RACE PROGRAMME

Yorkshire 2019 Para-Cycling International • Saturday 21 September
Groundbreaking para-cycling races in association with the UCI Road World Championships.

Harrogate • Sunday 22 September
Team Time Trial Mixed Relay
This new event sees the world’s best male and female time triallists come together to battle it out for a truly historic victory.

Harrogate • Monday 23 September
Women Junior Individual Time Trial
Men Junior Individual Time Trial
The tough and technical Harrogate circuit will test the juniors as they look to claim the first rainbow jerseys of 2019.

Ripon • Tuesday 24 September
Women Elite Individual Time Trial
Men U23 Individual Time Trial
The routes are identical and perfectly suited to time triallists who can manage their efforts over a fast and open course.

Northallerton • Wednesday 25 September
Men Elite Individual Time Trial
The biggest prize in elite men’s time trialling is awaiting the rider who powers around this picturesque course in the fastest time.

Richmond • Thursday 26 September
Men Junior Road Race
Junior riders from around the world will descend on Richmond for their right to win the coveted rainbow jersey.

Doncaster • Friday 27 September
Women Junior Road Race
Men U23 Road Race
Both races start and finish in the same location but the routes along the way are varied and provide their own challenges.

Bradford • Saturday 28 September
Women Elite Road Race
This route has something for everyone and is sure to provide enthralling racing.

Leeds • Sunday 29 September
Men Elite Road Race
The Championships will be sure to go out in style on this testing course. Only the strongest will survive for a chance to claim those iconic rainbow bands.
Yorkshire 2019 Para-Cycling International

For the very first time, Para-cycling races will take place alongside the UCI Road World Championships. The races will be Tokyo 2020 Paralympic Games qualifiers and will welcome entries from every Paralympic road racing classification. The riders will start from four different locations along the same route and all finish in Harrogate. The races will comprise four groups of disabled riders (blind and visually impaired, people with cerebral palsy, locomotor disabilities and handcyclists) and a total of 13 classifications for men and women. Riders are placed in the appropriate classification in the light of their functional capacity. Those riders racing the longest distance will start in Beverley and the shorter courses will begin along one continuous route in Tadcaster, Wetherby and Harrogate.

DAY 1
SATURDAY
21 SEPTEMBER

Beverley to Harrogate
106.2km (66 miles)
All classes

Tadcaster to Harrogate
57km (35.4 miles)
All classes

Wetherby to Harrogate
41.2km (25.6 miles)
C1-3 Women, H1-2 Men and H1-4 Women

28km (17.4 miles)
T1-2 Men and Women
DAY 2: SUNDAY 22 SEPTEMBER
Harrogate Circuit
Team Time Trial Mixed Relay
27.6km (17.1 miles)
2 circuits

Team Time Trial Mixed Relay
Yorkshire will be making history by hosting the first ever Team Time Trial Mixed Relay with national teams consisting of three male riders and three female riders. The male riders will set off first and the women will replace them on the road as soon as the second male rider has crossed the finish line. Final timings will then be taken when the second female rider crosses the finish line and the fastest team will be declared the winner.

The course has been designed to ensure it is as spectacular to watch as it is to ride, and tactics will certainly play their part as riders must judge their efforts to ensure their team is given the best possible chance of victory.

MONDAY 23 SEPTEMBER 2019
Harrogate circuit
DAY 3: MONDAY 23 SEPTEMBER
Harrogate Circuit

Women Junior Individual Time Trial
13.7km (8.5 miles)
1 circuit

Men Junior Individual Time Trial
27.6km (17.1 miles)
2 circuits

Women Junior Individual Time Trial and Men Junior Individual Time Trial

Like the Mixed Team Time Trial which takes place 24 hours before, this picturesque circuit works equally well for these Individual Time Trial events as its undulating and technical nature will provide exhilarating and exciting racing. The loop heads out to the west of Harrogate towards the RHS Garden Harlow Carr and into the neighbouring countryside. A series of short, sharp ascents and descents must be overcome before the riders head back into the town, skirting the Valley Gardens and through the beautiful Duchy estate. Once back in the centre, large crowds will cheer them around a succession of testing corners before the final rise to the finish line along Parliament Street.

Bishop Monkton Moor

46
Men Under 23 Individual Time Trial
and
Women Elite Individual Time Trial

The proposed routes for both events are identical and perfectly suited to time trial specialists who can manage their efforts over this fast and open course. A flat opening 12km will get the riders up to speed before the road begins to undulate on the approach to Harrogate. Three short, sharp rises in the space of 10km should see time gaps open up, and the final approach to Harrogate will favour those who are able to push big power through their pedals before emptying the tank on the uphill drag to the line.

Men Under 23 Individual Time Trial Profile

Women Elite Individual Time Trial Profile
**DAY 5: WEDNESDAY 25 SEPTEMBER**
Northallerton to Harrogate 148.1km (92 miles)

**Men Elite Individual Time Trial**
Crosswinds could prove a factor right from the start as the route heads in a south-westerly direction out of Northallerton, and a short, sharp ascent on the outskirts of Masham should see early time gaps emerge. A fast section follows as the riders pass into Risplith, but from then on there is barely a flat metre of road. Despite being gradually sapped of their energy, the riders will have to keep something in reserve before one last blast into Harrogate and up to the finish line on Parliament Street.

---

**Men Elite Individual Time Trial Profile**
DAY 6
THURSDAY 26 SEPTEMBER 2019 • MEN JUNIORS ROAD RACE
Richmond > Harrogate
DAY 6: THURSDAY  
26 SEPTEMBER

Richmond to Harrogate  
144.5km (89.8 miles)  
route plus 3 circuits

Men Junior Road Race
The first 37km of this rolling parcours sees the peloton head into the Dales where the first key climb of the day is awaiting them at Kidstones. This early ramp should provide an ideal opportunity for a breakaway to move clear, but the peloton will have ample time to plug that gap on the relatively flat section which follows before Burnsall. The historic landmarks of Barden Tower and Bolton Abbey will then be passed before the second main climb of the day comes between Beamsley and Blubberhouses. This drag onto the exposed moorland could catch some riders unaware before they sweep into Harrogate and take on three laps of the circuit before one final sprint for victory along Parliament Street.

Men Junior Road Race profile
FRIDAY 27 SEPTEMBER 2019  •  WOMEN JUNIOR ROAD RACE
Doncaster > Harrogate
DAY 7: FRIDAY  
27 SEPTEMBER  
Doncaster to Harrogate  
86km (53.4 miles)

Women Junior Road Race

This route heads in a north-easterly direction out of Doncaster and follows a flat but rather exposed opening 60km where winds could play their part. It’s the gradual drag into Harrogate however that is likely to prove most decisive, especially given cumulative fatigue, and it could provide the springboard for a late attack. Expect to see the peloton thin out if the pace is kept high before a hard-fought finale in the centre of Harrogate.

Women Junior Road Race Profile
Men Under 23 Road Race

This race is a tale of two halves with a flat opening 90km being followed by a tough and testing finale. The parcours might look easy between Doncaster and Ripon, but the riders will have to be alert to potential crosswinds before the climbing begins in earnest. The Blazefield Bank ascent comes just after Ripon, and a sharp descent into Pateley Bridge follows before the main climb of the day up Greenhow Hill. Averaging an 8.6% gradient over 2.8km, this rise has proven selective during the Tour de Yorkshire and will no-doubt do so again here. Any riders that drifted back on the climb will have time to battle their way back into contention as the route drops gradually into Harrogate. The peloton must then take on three laps of the tough and technical Harrogate circuit (see page 26 for more details) before they muster one last push on the punchy drag to the finish line.

Men Under 23 Road Race Profile
DAY 8: SATURDAY
28 SEPTEMBER
Bradford to Harrogate
149.4km (92.8miles)
route plus 3 circuits

Women Elite Road Race
The peloton will roll out to the north of Bradford and sample the delights of Shipley and Otley before the first categorised ascent comes on Norwood Edge. This winding ramp might distance some of the weaker climbers who will look to restore parity as the race continues to Pateley Bridge and up the Nidderdale valley. The climb of Lofthouse is awaiting them there and we may well see the frontrunners coming to the fore before they crest the summit and descend into Masham. A flat section before Ripon precedes the undulating approach into Harrogate and two laps of the circuit (see page 26 for more details) will prove a real war of attrition before the new world champion is crowned on Parliament Street.

Women Elite Road Race Profiles
DAY 9: SUNDAY 29 SEPTEMBER
Leeds to Harrogate
280km (174 miles)
route plus 7 circuits

Men Elite Road Race

Riders will wind their way into the Yorkshire Dales before a trio of significant climbs come one after another. Splits could well emerge if the pace is pushed at the head of the peloton. A battle to regain contact should then develop on the fast approach to Harrogate. Seven laps of the tough and technical Harrogate circuit (see page 26 for more details) will ensure only the strongest survive for a chance to claim the iconic rainbow jersey.

Acts to be confirmed
**ELECTRICITY**
In the UK, the standard power voltage is 220v – 240v. European appliances with 230v will work in British sockets with an adaptor. Power sockets are a three prong, type G.

International visitors who plan to bring electronics or appliances should also bring any required adaptors or converters. We do not provide voltage converters and encourage all media to save electricity.

**WATER**
Water in Yorkshire is of good quality and may be drunk straight from the tap unless otherwise indicated.

**WEATHER**
Weather conditions in Yorkshire can change very quickly. The average temperature in Yorkshire during September is 17.5°C (63.5°F) but temperatures can range from 9°C (48°F) to 20°C (68°F). Average precipitation in September is 55mm.

**LOCAL CURRENCY**
The currency in Great Britain is pound sterling (sign: £; code: GBP). The following bank notes and coins are in circulation: Bank notes with face value of 5, 10, 20 and 50 pounds; Coins: 1 and 2 pound dominations as well as 1, 2, 5, 10, 20 and 50 pence coins.

The best place to change money is in Post Office branches which do not charge commission. Banks are generally open from Monday to Saturday.

**TIME ZONE**
Time zone of Yorkshire is BST which is UTC/GMT +1 hour during the days of the Championships.

**COUNTRY CODE**
The country code for Great Britain is +44. The city code for Harrogate is 01423.
- Dialling into Harrogate: 00 44 1423
- Dialling from Great Britain: 00/country code/ landline or mobile number

**LOST AND FOUND**
The lost & found office is located at the Welcome Desk at the Media Centre. All items which have not been claimed will be transferred to the Yorkshire 2019 office after the Championships.

**PAYMENTS AND PAYMENT METHODS**
ATMs are widespread and major debit/credit cards are accepted almost everywhere. However, we recommend you always carry some cash with you for buying small things, as there is a minimum charge amount at certain places.

**SAFETY AND SECURITY**
All venues are monitored by stewards. If you notice anything suspicious or potentially dangerous, please report it immediately to a steward or police officer. Your safety is important to us!

If you are requested to evacuate a venue:
- Remain calm and stop what you are doing.
- Follow instructions from the stewards or police and move quickly to the nearest designated emergency exit.
- Use only the designated escape routes.

**MEDICAL SERVICES**
If you need urgent medical assistance, please alert a steward or a member of event staff. The nearest hospital is Harrogate District Hospital which is 1.5 miles (2.4km) from the Media Centre.

In an emergency dial 999 (for fire, police or ambulance)

If you are admitted to hospital as an in-patient, you will be required to pay unless you are a national resident, resident of the European Economic Area or resident of a country which has a reciprocal health care agreement with the UK.

**INTERNATIONAL CONSULATES**

**SMOKING**
Since 2006, smoking indoors in public spaces in Great Britain has been illegal. This includes restaurants, bars, cafes, nightclubs, all workplaces and hotels. Large facilities often have designated outside smoking areas.

**THINK GREEN**
We are dedicated to making the 2019 UCI Road World Championships as environmentally friendly as possible and therefore kindly ask that you reuse and recycle wherever possible, and only print documents if it is absolutely necessary. Please dispose of any litter in a responsible manner and do all you can to help Yorkshire remain a clean and picturesque part of the world.
