

## Round # 2 – TISSOT UCI Track Cycling World Cup - 8–10 November 2019

### About Glasgow City

The city is situated on the River Clyde in the country's West Central Lowlands and is the largest city in Scotland and third most populous in the United Kingdom. Well over 1 million people live in the Greater Glasgow urban area. The entire region surrounding the conurbation covers approximately 2.3 million people, 41% of Scotland's population.

Glasgow grew from a small rural settlement on the River Clyde to become one of the largest seaports in Britain. Expanding from the medieval bishopric of Glasgow and the later establishment of the University of Glasgow in the 15th century, it became a major centre of the Scottish Enlightenment in the 18th century. With the onset of the Industrial Revolution, the population and economy of Glasgow and the surrounding region expanded exponentially to become one of the world's pre-eminent centres of heavy engineering

Today it is one of Europe's top ten financial centres and is home to many of Scotland's leading businesses with an eclectic mix of great restaurants, shops and services.

### General information on the track

Glasgow is Scotland's largest city and is well known for its friendliness and generous hospitality. As Scotland's sporting capital and cultural and economic powerhouse, Glasgow hosted the Commonwealth Games in 2014 with the Sir Chris Hoy Velodrome hosting the track cycling events.
