## Competition Format and Rules

競技形式および規則 / Format et règlement des compétitions

As of THU 1 JUL 2021

### OLYMPIC COMPETITION FORMAT

There are two cycling mountain bike events at the Tokyo 2020 Olympic Games with 38 men and 38 women contesting each event. Riders are seeded into a starting grid according to their current International Cycling Federation (UCI) ranking and, after a mass start, complete a specified number of laps of the course. The first rider to cross the finish line is declared the winner. The course is an undulating circuit designed to produce a specific winning time, not a specific distance.

The number of laps to be raced will be announced at the team managers' meeting on the day before the first race, in order to obtain race durations between 1h20 and 1h40 for the men's and the women's events. This may be changed up to two hours before the start of the race, mostly depending on the track and weather conditions (rain, heat).

### DIFFERENCES BETWEEN THE UCI WORLD CHAMPIONSHIPS AND THE OLYMPIC GAMES

There are no differences in the format or rules. The UCI World Championships field contains more competitors due to the different quotas for NOC participation (at the Olympic Games a maximum of three riders per NOC per event). At the UCI World Championships there are additional mountain bike events as well as junior and under 23 competitions.

### CHANGES SINCE THE RIO 2016 OLYMPIC GAMES

The quotas for men and women have changed in order to reach gender equality.

### SPORT RULES AND PROCEDURES

#### Equipment description

All mountain bikes are commercially available and share the following characteristics: wide off-road tires, disc brakes and some form of shock-absorbing suspension (front and/or rear).

#### Tiebreak rules

Ties remain as such, if they cannot be resolved by electronic means.

#### Penalties/disqualification rules

A rider may be disqualified when during the event, he/she

- Pushes or interferes (jersey pulling) with another rider, by hand or by other means
- Obtains non-regulation assistance
- Displays indecent conduct or foul language
- Exercises acts of violence
- Goes outside the racecourse boundaries
- Uses radio links or other remote means of communication

#### Lapping

On any given lap, should a rider be lapped, or is slower than 80% of the race leader's time for the first complete lap, he/she will be pulled out of the race in a designated area setup before the lap/finish line. These riders will be listed in the results in the order that they have been pulled out of the race, showing the number of laps down.

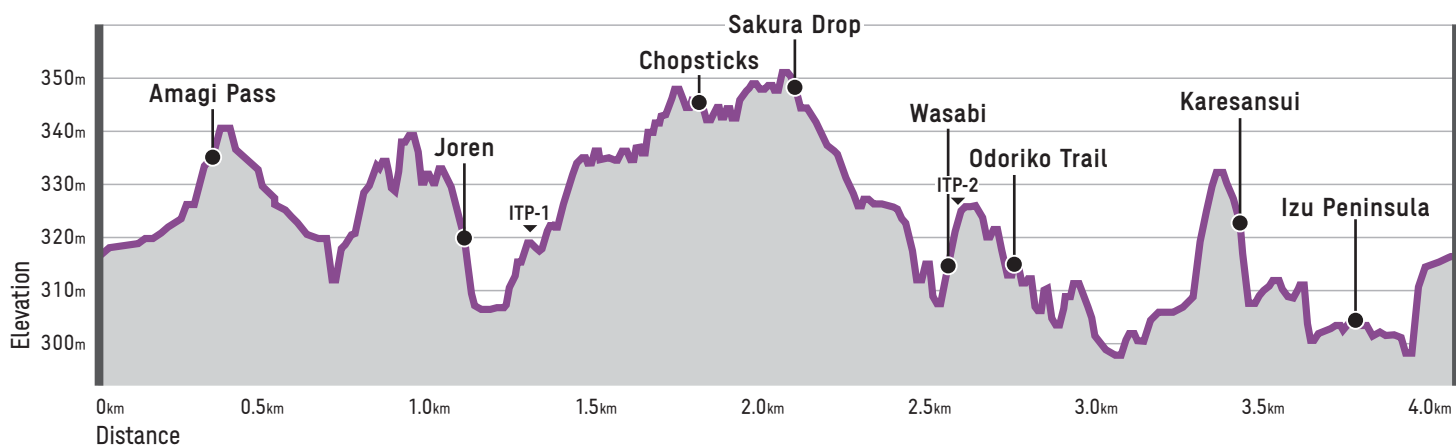

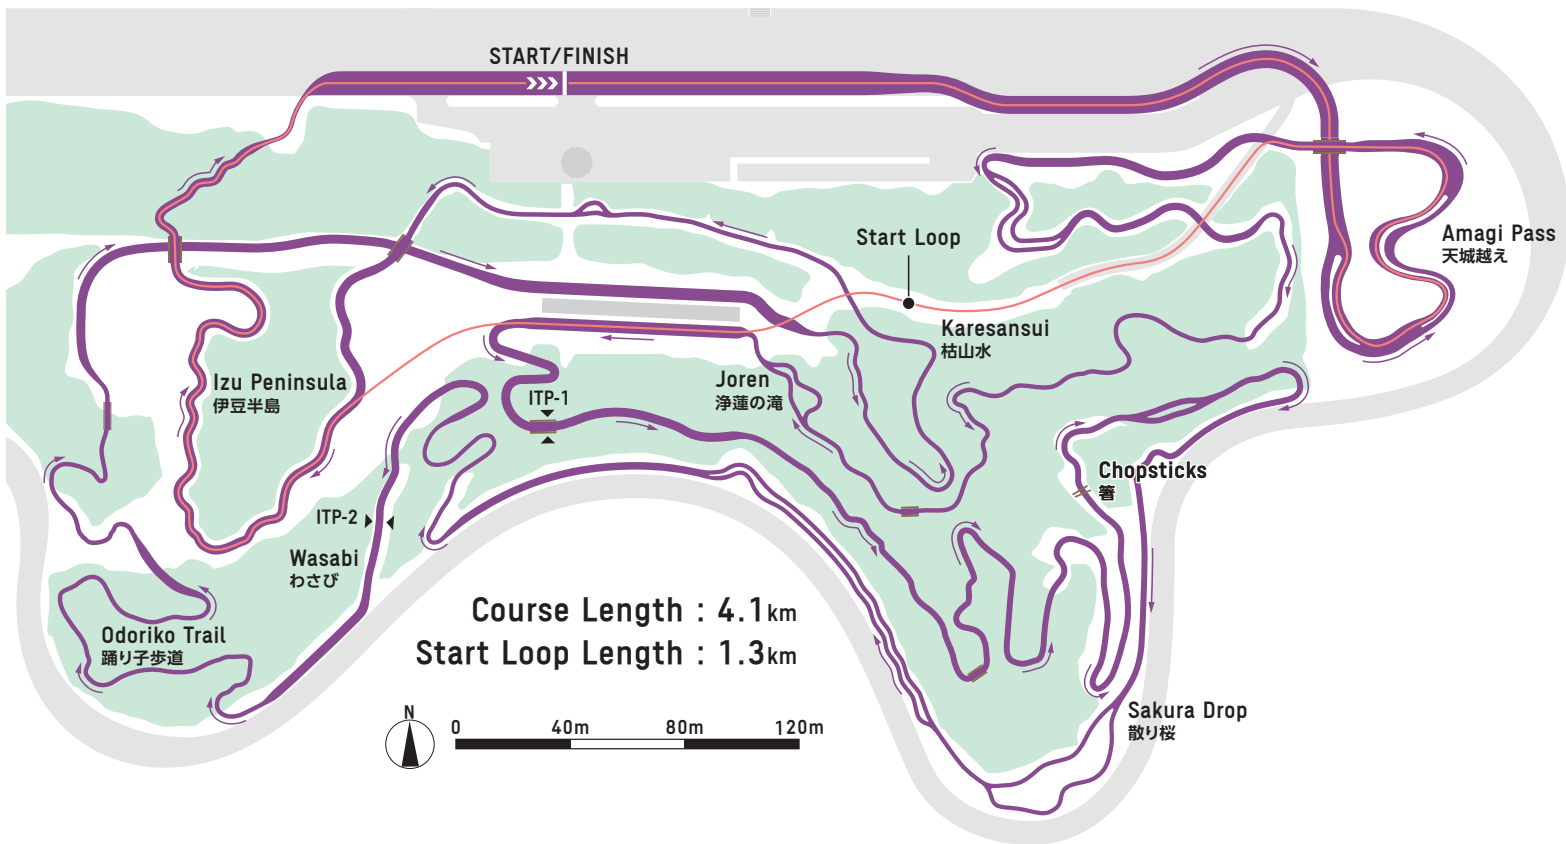

## Protests/appeals

Decisions of the commissaires' panel are considered final, and there are no protests.

# Olympic Games Tokyo 2020 Cycling Mountain Bike

## Amagi Pass

Immediately after the start, athletes face a large mountain that they must climb over. The harsh nature of the mountains in Izu continues even after the pass, with rocks and logs appearing in the way. Athletes have the choice to decide between two paths in which the pass is separated.

## Joren

A winding rocky section placed in the forest. Athletes accelerate to ride over the rocks while trying to keep their raging bikes under control.

## Chopsticks

Two logs playfully designed to represent chopsticks, over which athletes powerfully leap.

## Sakura Drop

The highlight of the course, where athletes leap from the cliff and swoop down like sakura (cherry blossom) petals over the view of Mt. Fuji in the distance.

## Wasabi

This climb is the steepest of the course and burns the athletes like the taste of spicy wasabi.

## Odoriko Trail

Riders swiftly cycle through this narrow, single-track road that only has enough space for one cyclist.

## Karesansui

Named after a type of traditional gardens that portrays the flow of water using rocks. Athletes race freely down through the trees and rocks in all directions. An exciting and challenging section that requires sharp judgment and technique.

## Izu Peninsula

Section designed to be shaped just like the beautiful Izu Peninsula, representing green land surrounded by a blue sea. This stretch of the course was made in tribute to all of the local people.
