**Please note:**

Athletes entering these competitions with a New (N) or Review (R) Sport Class Status (except for those with a Sport Class Status of FRD2022 or later) will be required to undergo Classification and must therefore arrive in advance of the Classification Days.

Medical Diagnostic Information must be submitted to the UCI for those athletes no later than four (4) weeks prior to competition that Athletes is scheduled to compete at, otherwise the Athlete will not be permitted to undergo Classification and consequently will not be eligible to compete in the Competition.

At International Competitions where Classification Panels are not appointed, New Athletes will be permitted to compete however results will not be recognised in the ranking until the Athlete has been Internationally Classified. Points will be retroactively recognised if the Athlete is classified the same Sport Class in which he/her achieved the result before the end of the year.

Please contact [classification@uci.ch](mailto:classification@uci.ch) should you have any questions.
