Prior to registration on the UCI ProSeries calendar

2.18.008 The entity applying for registration of an event on the UCI ProSeries calendar must be the owner of a UCI WorldTour, UCI ProSeries or Class 1 event being held in the year preceding the first year of registration.

The UCI Management Committee may grant an exemption of this rule upon receipt of a reasoned request and in recognition of strategic importance for the development of cycling.

2.18.009 The fact of applying for registration on the UCI ProSeries calendar shall mean that the event owner submits to UCI regulations from the delivery of the application to the end of the period of registration.

The event owner shall be fully liable for its event in respect of the UCI regulations and towards the UCI.

2.18.010 Registration is granted for a specific event. Registration does not affect the event owner's right of ownership of the event, without prejudice to obligations arising from the UCI regulations.

2.18.011 The applicant shall submit its application for registration by completing the registration dossier established annually by the UCI Management Committee, including all information and other documents as required by the UCI Management Committee.

2.18.012 The deadline for the submission of applications for registration is 1 July.

2.18.013 The UCI Management Committee shall not be obliged to examine applications sent to the UCI after the deadline.

Registration on the UCI ProSeries calendar

2.18.014 The UCI Management Committee shall examine an application for registration on the basis of a registration dossier comprising the following elements:

1. The registration application form and various appendices;
2. The opinion of the UCI and/or any entity responsible for examining applications;
3. Any other document or information required to allow the evaluation of the application by the UCI, UCI Management Committee or any other entity responsible for examining applications.

The UCI Management Committee shall decide, at its discretion, whether additional documents and information are required from the applicant. If this is the case, the UCI Management Committee shall set relevant deadlines and may summon the applicant to a hearing.

2.18.015 The dossier shall be drafted in French or English. Documents by third parties that are written in another language must be accompanied by a translation into the language of the dossier.

The applicant is solely responsible for the quality and completeness of the dossier. The applicant may not claim, in particular, that information or documents have not been requested by the UCI, or that its attention has not been drawn to deficiencies or other elements liable to be judged negatively when the application is evaluated by the UCI Management Committee.
2.18.016 The UCI must send its opinion or report to the UCI Management Committee before the UCI ProSeries calendar for the following season is drawn up.

The UCI may present additional opinions if the applicant adds new elements to its dossier or it becomes aware of new elements in another manner.

2.18.017 Regarding the registration of events on the UCI ProSeries calendar, the UCI Management Committee shall make decisions on award, withdrawal and any other measures set out in the regulations.

As a general rule, all decisions concerning applications for registration on the UCI ProSeries calendar are issued simultaneously and communicated to applicants as soon as possible.

The UCI Management Committee may also make decisions on applications for registration on the UCI ProSeries calendar in an individual manner or postpone the evaluation of certain applications if this is considered appropriate, in particular if additional documents are required from the applicant or the UCI.

2.18.018 The decisions taken by the UCI Management Committee on applications for registration on the UCI ProSeries calendar are final and not subject to appeal.

Calendar fees

2.18.019 An annual calendar fee for UCI ProSeries events shall be paid to the UCI's bank account at the latest by 1 September of the year preceding the year of registration of the event.

2.18.020 The amount of the fee shall be established by the UCI Management Committee and published in the financial obligations document.

2.18.021 If the UCI's account is not credited by 1 September, registration on the UCI ProSeries calendar is suspended without further notice and the event is not published on the UCI international calendar.

Furthermore, a fine of CHF 5,000 will be due as well as a penalty of CHF 100 for each day of delay.

Duration of registration

2.18.022 The UCI ProSeries calendar consists of cycles of three seasons starting from the 2020-2022 cycle. Events are registered for one to three seasons depending on their entry into the cycle in progress.

Conditional registration

2.18.023 The UCI Management Committee may decide to register an event on the UCI ProSeries calendar subject to certain conditions.

If the conditions defined by the UCI Management Committee are not respected by the organiser, the event will not be registered on the UCI ProSeries calendar for the following season.

2.18.024 The owner of an event for which registration on the UCI ProSeries calendar is expiring may request registration for a further three-year cycle by following the same procedure as used for the initial application.
Annual evaluation of events

2.18.025 The UCI evaluates UCI ProSeries events in accordance with the criteria defined by article 2.18.007. Without prejudice to the sanctions set out by the UCI Regulations, in particular Paragraph 2 of Chapter XII of Part 2, the UCI Management Committee may withdraw the registration of an event from the UCI ProSeries calendar in the case of a significant failing with regards to one of the criteria defined in article 2.18.007.

Evaluation of an event at the end of the registration period

2.18.026 The UCI evaluates UCI ProSeries events during the period of registration in accordance with the criteria defined by article 2.18.007 with a view to renewing registration.

2.18.027 Once the evaluation of a UCI ProSeries event has been completed, the UCI Management Committee is sent a copy of the final evaluation report.

Expiry of registration

2.18.028 Registration automatically expires at the end of the cycle for which the registration had been granted.

2.18.029 Registration on the UCI ProSeries calendar shall be terminated prematurely in the following cases:

1. Cancellation of the registration at the event owner’s request;
2. Cancellation of the registration upon a declaration of the bankruptcy of the event owner, or compulsory liquidation, winding up or suspension of activities of the owner or any other measure ending the ability to make free use of the status of the UCI ProSeries event;
3. Withdrawal of the event’s registration on the UCI ProSeries calendar by the UCI Management Committee in accordance with Article 2.18.025.

2.18.030 No compensation shall be due in the event of the cancellation or withdrawal of registration. Any amounts due shall remain payable and shall not be subject to compensation.

Ownership of the rights and obligations relating to the registration of an event on the UCI ProSeries calendar

2.18.031 The event owner is responsible for submitting an application to register the event on the UCI ProSeries calendar.

2.18.032 If the event owner is not the actual organiser of the event, the event owner shall inform the UCI and specify the precise identity of the actual organiser or any other intermediary in its application for registration.

2.18.033 The event owner, the actual organiser and, where applicable, any other intermediary shall be jointly and severally liable for all obligations arising from the registration, including the debts described by article 1.2.032. A written commitment must be attached to the licence application.

2.18.034 If the actual organiser of the event changes during the registration period, the UCI Management Committee must be informed by the event owner.

2.18.035 The event owner shall not have any link, whether directly or indirectly, with a team registered with the UCI. In exceptional cases, which do not call into question the integrity or sporting equity of the event, the UCI Management Committee may grant a derogation of this article.
2.18.036 In a document to be appended to the registration application form, the applicant shall certify (i) that it does not have any direct or indirect links to a UCI-registered team and (ii) that if any direct or indirect links (including, where applicable, through the intermediary of the actual organiser) with a UCI-registered team exist, this shall be communicated. The UCI Management Committee must be provided with this information and be updated throughout the registration period.

2.18.037 In the event that direct or indirect links as described by articles 2.18.179 or 2.18.180 exist, the UCI Management Committee and the event owner shall consult and, if applicable, the UCI Management Committee shall impose a deadline on the event owner to regularise the situation.

2.18.038 If the UCI Management Committee learns, through a third party other than the event owner, of the existence of such links as described in articles 2.18.179 and 2.18.180 which are not authorised by the UCI Management Committee, the parties concerned shall each be subject to a fine of CHF 10,000. The UCI Management Committee may set a deadline for the situation to be regularised.

2.18.039 If the situation is not regularised in the sense or within the deadline indicated by the UCI Management Committee, or in the case of a dispute on the existence of a prohibited link or the achievement of regularisation, the dispute shall be presented to the UCI Disciplinary Commission upon a simple written request, either by the President of the UCI Management Committee or by the applicant who is the owner of the event. If the Disciplinary Commission considers that a link that is prohibited by articles 2.18.179 or 2.18.180 exists, it may make the registration subject to compliance with conditions and/or measures as considered appropriate, reduce the registration's duration or withdraw it, if appropriate after having granted a period for regularisation.

Organisation

2.18.040 The event owner must organise the event every year consecutively for the entire duration of the registration and assume all obligations that arise. The event owner must comply with the dates fixed by the UCI ProSeries calendar as established annually by the UCI Management Committee.

2.18.041 The event owner shall not change the format, distance or nature of the event without the prior written agreement of the UCI Management Committee.

2.18.042 The event owner shall preserve the professional level, quality and reputation of the event.

2.18.043 The event owner shall organise the event in compliance with the existing usual standards as imposed by the UCI and in accordance with the organisation guides, guidelines and specifications for event organisers.

Financial transparency

2.18.044 The event owner accepts the principle of financial transparency by spontaneously and comprehensively informing the UCI Management Committee and providing it with all useful documentation and information in the following cases:

1. if the event owner has or anticipates financial difficulties, including, in particular, the non-payment of a debt when due, insolvency or the risk of insolvency, or significant changes to the annual budget, cashflow plan or financial planning;
2. if a risk, dispute or any other circumstance arises that is likely to jeopardise the financial equilibrium of the event owner, actual organiser or any other intermediary;
3. in the event of the non-fulfilment, for any reason, of an obligation by the event owner to any third party creditor.
Promotion of the UCI ProSeries

2.18.045 The event owner shall promote the UCI ProSeries within the scope of its event in compliance with the series' visual identity as defined by the series specifications.

2.18.046 The event owner shall use the UCI ProSeries logo in accordance with the graphic charter appended to the series specifications and shall respect the conditions and restrictions on the use of the logo and brand. Any divergence from the requirements of the specifications must be approved by the UCI Management Committee.

2.18.047 The rights and obligations of all parties in respect of the promotion of the UCI ProSeries shall be defined by the series specifications.

Checks and sanctions

2.18.048 The event owner and every licence holder shall provide the UCI, at its first request, with any documentation or information considered useful to verify the respect of regulations, contracts, specifications or legislation. In the case of refusal, and without prejudice to the application of article 2.18.025 or other consequences, the event owner and/or any licence holder shall be sanctioned by a fine ranging from CHF 5,000 to CHF 10,000.
