### § 2 Selection of participants by specialty

#### Cyclo-cross

**9.2.043** For all categories, the maximum number of riders per national team shall be determined by the **ranking by nation of the UCI cyclo-cross world cup as calculated per article 5.3.013bis and published on the evening of the first sunday of the year:**

- Nations ranked from 1st to 3rd 10 riders, with 7 to start
- Nations ranked from 4th to 6th 9 riders, with 6 to start

#### Athletes eligibility

**9.2.067** Except the reigning world champion, athletes participating in the Para cycling World Championships must have participated in at least one UCI Para cycling event (C1, C2, World Cup or Continental Championships) during the last 12 months, but no later than 30 days before the event, defined as the Qualification Period.

~~The number of slots each nation will receive for the UCI world championships will be determined by using the UCI individual para-cycling ranking by sport class (C5, C4,...) published following the last world championships. Points will be cumulated from the day following the last world championships up to the end of the next world championships and that for each discipline.~~
